THE FALSE MIRROR ROAD TRIPS ■ 2 MIRRORING KORTSA ■ 3

The False Mirror Photography Group presents the photographic album that resulted, after the invitation of the Art, Culture and Innovation Center under the auspices of the Municipality of Korca, for an action that included photography and an exhibition in the city of Korca. Members of the group, forming a beautiful company, went for three days to the city of Korca at the threshold between autumn and winter, in November 2024.

In yet another attempt for each photographer to get to know themselves deeper, this time through wandering the streets of Korca, each of us was invited for the first time in the city, to collect moments within two days.

Tirelessly and with passion, in diametrically opposed weather changes, we faced the following main issues. The old and the new face of the urban fabric, its introverted Balkan identity along-side the extroverted actions of the new generation that rushes forward and envisions to connect with the present, while having a modern approach to matters and discussing of what previous generations were deprived of.

The everyday people of the city of Korca are the main protagonists of each photograph, whether they are in the frame or not. Steps, looks, professions and everyday life in general, were captured through each one's camera and through two individual prints, the experience was recorded through the omnipotent art of photography. The result was communicated to the public, in an exhibition in the welcoming space of Biblioteka Publike "Thimi Mitko" on the last day of the visit, while in this album the narrative is completed with additional photographs that were not included in the exhibition due to lack of space.

With the conviction of the coherence of the narratives of each photographer, as well as the hope that this presentation will be the start of similar actions, the aim is to share what Maya Angelou sweetly expressed, that "we are more alike than we are unalike".
